

Expression of Interest for the 55+ Housing Project in Blackfalds

The 55+ housing project continues to move forward. The Town of Blackfalds has hosted community meetings in April, June, October 2018 and January 2019. We are at the stage of determining the financing model. This stage requires the community to determine the level of commitment from individuals and possible investment from other levels of government. Construction timelines will be dependent on the level of interest and funding available.

Please fill out this form if you are interested in either phase of the project.

Name(s): _____

Address: _____

Mailing Address if different from above: _____
